SUMMARY

Frontend Engineer with 5+ years of experience building complex, production-grade web applications using **React, Next.js and Typescript**. Experienced in designing **reusable component systems, schema-driven dynamic forms, data-heavy dashboards, and performance-critical UIs**. Strong focus on **scalability, rendering performance, and UX architecture across B2B platforms and consumer-facing applications**.

EXPERIENCE

Lead Front End Developer

Story Experiences Pvt Ltd

04/2023 Noida

A company specializing in innovative software solutions

- Architected and developed a **large-scale frontend application** using **React, Next.js (13+)** and **Typescript** supporting complex B2B workflows for one of the top electronic enterprise.
- Built **config-driven dynamic forms**, enabling UI rendering from schemas/JSON and significantly reducing repetitive frontend code
- Designed and implemented a **custom, reusable component** system covering form inputs (select, multi-select, autocomplete, file upload), modals, tables, loaders, and action components
- Integrated and extended **shadcn/ui components** with Tailwind CSS to build a consistent, scalable design system aligned with product requirements
- Built Excel-like, **data-heavy tables with inline editing, grouped rows, derived calculations** (totals, discounts), and row-level CRUD actions
- Implemented **hybrid flows using Flutter WebView** where required for platform constraints
- Developed a **browser-based NFC check-in application** using Next.js Web NFC, handling tag read/write flows, permissions, and real-time UI feedback on Android devices

Front-End Developer

ScaleDesk WebStudios

09/2021 - 03/2023 Noida

A web development studio focused on cutting-edge digital solutions

- Led the **UI/UX revamp of a high-traffic hostel booking platform** (100K+ monthly visits) using HTML, JQuery and Bootstrap5.
- Worked on frontend platform for **large-scale news agencies**, where performance and fast content delivery were critical, Implemented **code splitting, lazy loading, and optimized API data fetching**, significantly improving initial page load and time-to-interactive
- Built internal **dashboards and data-entry web applications for financial institutions**, handling large datasets and complex workflows
- Developed **form-heavy, validation-driven UIs** for financial data input, ensuring accuracy and usability

EDUCATION

Bachelor of Technology in Computer Science Engineering

Indian Institute of Information Technology (IIIT)

08/2017 - 08/2021 Sonapat

SKILLS

Next.js React JS TypeScript

Redux Toolkit Tailwind Zustand

GIT shadcn/ui Bootstrap5

Jquery ReactFlow Jira

AWS amplify Flutter CI/CD

Vercel Web NFC Webpack

Projects and Portfolio

★ **B2B Dealer App**
Flutter, Next Js, Python,Postgres and Django [Link To Project](#)

★ **Hotel Booking WebApp**
React Js, Tailwind, Python , Webpack and Django [Live Site](#)

★ **AI-Powered OCR Systems**
AWS textract, Next Js, Tailwind, Python and Django [Live Site](#)

★ **Portfolio & Experiments**
Next Js, Tailwind and Vercel [Live Site](#)

CERTIFICATIONS

- HTML/CSS Grade A+ Certification – NIT Kurukshetra
- Adobe XD Design Certification – Udemy
- Template Monsters – HTML/CSS Recognition

INTERESTS

- Swimming , Auto enthusiast, Chess.
